WILCOX'S
IMPROVED STEAM WATER LIFTER
IS A STEAM PUMP,

WITHOUT ENGINE, PISTON OR PLUNGER.

Using Steam direct from the Boiler, without the intervention of any other machinery. It has won FOUR FIRST PREMIUMS at California State Fairs, within the last five years.

It is used on the Central and Western Pacific Railroads, from Oakland to Ogden.

It is used for Mining in Shafts, in Tunnels and Placer Diggings.

It is used for Water Works, for Irrigation and Watering Stock, for House and Farm use, for Sprinkling Streets, Draining Ponds, and Pumping for Sinking Wells.

Several of the Lifters can be seen at work near Woodland.

Merits Worthy of Consideration:

CHEAPNESS.—Its cost is less than one-half that of any other Steam Pump of like capacity.

ECONOMY OF STEAM.—It uses the exhaust steam alone for its suction, and the expansive power is applied direct, instead of wasting a large percentage on the friction of pistons and other machinery.

ITS ADAPTABILITY FOR DEEP WELLS, SHAFTS AND TUNNELS.—Will work well in Wells and Shafts from 100 to 300 feet in depth, and in Tunnels from 500 to 1000 feet in length, whether straight or angular. There is neither steam nor smoke escaping in the shaft or tunnel.

NOT DERANGED BY MUDDY WATER.—Having neither piston nor packing, the common derangement from grit is not incurred. Hence its great durability.

ANY PERSON CAN RUN IT.—It being so simple in construction and action, any person of ordinary intelligence can run it with safety.

They are made of any capacity, from 1,000 gallons to 100,000 gallons per hour.

For $75 I will sell a Water Lifter of 1,000 gallons per hour capacity; and for $85 I will furnish a boiler, with all necessary attachments, that will be sufficient to raise 1000 gallons 50 feet in one hour. All other sizes correspondingly low.

Parties can see them in operation at my shop, or one at the Presidio, San Francisco, daily driving 3000 gallons per hour up a slope 2,500 feet, with a perpendicular raise of 100 feet.

BYRON AND THE GICCIOLI.

It were a sight, oh, more than passing rare—
That high-born bard and lovely countess fair—
It were a sight to make the slow pulse leap
And the wild blood dye crimson either cheek;
To see him—all his manhood laid aside,
And all his high, hereditary pride—
Consent to be her slave; consent to wear
Love's fetters for that form, oh more than fair;
To see him hang upon her dewy lip,
Like bee that from some poisonous flower doth sip
Its nectared sweets; to see him chance being damned
In all the hells that priests have ever planned,
And in her arms entranced, enraptured, lay,
And, in love's dalliance soft, consume the day.
The proudest head on earth might envy him
The privilege to clasp each small, white limb,
Which that fair countess to the great bard gave
When she became his mistress, he her slave.
It is not given coarser minds to know
The raptures that from two such natures flow,
When lip joins lip in love's bewildering kiss,
And the brain reels in ecstasies of bliss.
My God! were joys like theirs for all men planned,
Then hell would teem with legions of the damned
If bliss were sin, for none would be resigned
To trust the future, leaving heaven behind.

EUSEBIA A. MEZGER.

Bayonet Election Law.

Under the bayonet election law, with its extravagant and brutal penalties, all cities in the United States containing over 20,000 population may be converted by the edict of the President into military posts on election day. There are seventy of these cities in the Union, but if the law is only applied to those in the great Central States, it will be amply sufficient to determine the result of the Presidential election in advance. There are five cities in Ohio that come under the operations of the law, viz: Cincinnati, Cleveland, Columbus, Toledo and Dayton. The law was invented to override the majority of the American people and maintain in power the present Administration. It remains to be seen how it will be operated, and under what pretences Grant's bayonets will throw out enough of votes to re-elect himself. It will then be time for the people to act; but in the interval they should be made thoroughly conversant with the law, and their determination unalterably fixed, that if the Democrats, by a fair and honest vote, elect the next President, he must and shall be inaugurated at all hazards. It is possible for Grant's bayonets to determine the electorial vote of a State, and possibly the result in the electorial college, by dragging from their duties the election officers of a single precinct in some one of the seventy military posts in the county, into which our leading cities are converted by the law just passed.

To suppose the American people will submit to the decision of a Presidential contest by such villainy is to deny them honesty, courage and fidelity to principle. We believe this election law contains the germs of civil war. It was passed to overthrow the will of the people; and to suppose that this can be done by the hated means of Federal bayonets, wielded by a candidate or party in his or their interests, without the people exhausting every remedy, even to the last, is the height of confiding absurdity.

The more often the citizen will recur to the details of this most infamous law, the more intense will become his opposition to it. The deputy marshals who precede the Federal troops in its enforcement, may be selected from the very lowest and most degrading scum of the populace. This was the case in New York last Fall, when many of the marshals were keepers of the lowest bagnios and grogeries, penitentiary convicts and jail-birds. Yet these fellows are invested with power to break up elections by arresting election officers and voters without warrant. Further than that, they are empowered to call on every by-stander for assistance in making arrests, "in the name of the United States!" You refuse, as you ought to do, and that instant have two years' imprisonment and three thousand dollars fine staring you in the face, with a liability to instant arrest by the ruffian who summoned you to his assistance. Is there not the provocation here for acts that may drench the streets of our cities in blood? Very well was it said by Mr. Trumbull in the discussion in the Senate on this bill the midnight that it was rushed through:

"Even in the old fugitive slave law, which was as odious as any law that was ever enacted in this country, which made it the duty of every person to assist the marshal to arrest a runaway slave, there was no penalty provided if a man refused to assist a marshal when called upon. Although the law declared it his duty to do so, the law did not impose a penalty of two year's imprisonment in the penitentiary upon him, or any other punishment. But this bill authorizes a deputy, appointed by the marshal, to arrest anybody without process, and compels everybody that he shall call upon to assist him under a penalty of two years' imprisonment in the penitentiary."

It is worth while to remember this, that these bayonet election bills treat the white free-born American worse to-day than the fugitive slave. Another thing may be borne in mind, as it is forcibly put by Mr. Vickers in the same debate, and that is that the germ of all this kind of legislation is an insult to the people of the United States.

"It in effect pronounces and attempts to fix a stigma upon the people of the United States. It assumes that they are neither just nor honorable; that they are ready and willing to violate law, order and good government, to countenance, protect and give aid and comfort to fraudulent practices; that they may have sustained the Government by personal service, pecuniary means and individual influence, but are not worthy of the respect and confidence of the Republican party in Congress assembled; they are not to be trusted as their forefathers were in the better days of Washington, Jefferson, Madison and their successors before the war."

Ordinarily, the presumption is that men even in legal questions, are honest men, who mean to do right, and that it is only those who have been convicted, or are of doubtful surroundings and antecedents, who are justly amenable to suspicion; but the bayonet election bill tumbles all this regard to decency headlong about decent people's ears. The only men supposed to be honest on election day are the hirelings of the United States Marshals. They are to be held and taken to be absolutely immaculate, while each decent person is *prima facie* to be regarded as either intending some electoral fraud himself or willing to wink at it in others. Said Mr. Casserly, of California, in the Senate debate, in illustration of this point:

"You may be one in a crowd of fifty persons, you may not have heard in the crowd the call of some brothel-keeper, acting as a deputy marshal, or some pimp for such an establishment, acting as a deputy, or some convict from the State prison—the graduate of three State prisons in as many different States, as was the character of one of the leading men among this staff of persons employed at the last New York election; you have not heard him; you were not aware that you were called upon to render assistance. He rushes through the crowd; he finds you there; he demands of you why you did not obey the law. You enquire what law you have violated. He tells you, 'I called upon you for assistance to arrest a man.' You expostulate; you endeavor to explain to him not only that you did not hear him but the impossiblity of your having heard him. But still, without a warrant, without having evidences of his own senses that you have committed the offense prescribed within the terms of this most unjust and extraordinary law, he may without a warrant arrest you, and you are hauled off to prison in the custody of this graduate of three penitentiaries in as many States."

This is the way that the white free-born American is treated, worse to-day than the fugitive slave law treated the negro slave ten years ago.—*Ohio Statesman.*

RADICAL RULE IN THE SOUTH.—The following picture is drawn by a republican hand, and well illustrates the villainous manner in which the Southern people are robbed, insulted, oppressed and degraded by the carpet-bag, scalawag and negro off-scourings of creation which have been forced into power at the point of the bayonet, in those States, by "the best government the sun ever shone upon," under radical rule. Is it any wonder that disturbances occur in a country thus governed? The New York *Sun* says:

"In 1865 the debt of Lousiana was about $5,000,000; it is now, including the so-called accruing debt, compromising endorsements on worthless railroad, and other bonds, over $40,000,000. A New Orleans correspondent of the Springfield *Republican* has sufficient faith in the people of Massachusetts to believe that if the body called a Legislature recently adjourned had done to the people of Massachusetts what they did to Louisiana, they would never have left Boston alive." The same correspondent describes this Legislature as having been composed of ignorant blacks, carpet-baggers from the north, and a small minority of the meanest Southern white trash—men without a "last place of residence," soaked with whiskey, living with negro women, and smelling like wet dogs as they elbowed about the lobby openly getting their votes. Under these circumstances he thinks it unreasonable to expect the planters to talk with enthusiasm of the old flag, or to consider the Government which upholds such a Legislature 'the best the world ever saw.'"

THE JOINT HIGH COMMISSION.—This body has about concluded its labors, and although its doings are not yet made public, still, the "interviewers" at the Federal Capital seem to have penetrated the veil of State secrecy, and give the following as the conclusions arrived at: First—the privilege of American fishermen to fish within all ports of the Canadian waters, from which they are now excluded, and to cure and dry fish and clean their nets, etc. For this privilege, the United States is to pay Canada a certain sum of money. Second—certain general international principles are laid down, covering those of neutrality, by which the claims arising from the depredations of the Alabama and Shenandoah, etc., are to be adjusted. Third—Commissioners are to be hereafter appointed to adjust all matters on the basis proposed, and it is further said that this basis has been sent to England for approval. Some of the Commissioners have no hesitation in reporting the statement that the probability is that they will by the first of May submit all the conclusions of the Commission to the two Governments.

HOW TO GET SLEEP.—How to get sleep is to some persons a matter of high importance. Nervous persons, who are troubled with wakefulness and excitability, usually have a strong tendency of blood to the brain, with cold extremities. The pressure of blood on the brain keeps it in a wakeful state, and the pulsations of the head are often painful. Let such rise and chafe the body and extremities with a brush or towel, or rub smartly with the hands to promote circulation and withdraw the excessive amount of blood from the brain, and they will fall asleep in a few moments. A cold bath, or a sponge bath and rubbing, or a rapid walk in the open air, or going up and down stairs a few times just before retiring, will aid in equalizing circulation and promoting sleep. These rules are simple and easy of application, and may minister to the comfort of thousands who expend money for anodyne to promote "Nature's sweet restorer, balmy sleep."

THE following is the latest programme issued for the observance of wedding anniversaries, viz: First anniversary, iron; fifth anniversary, wooden; tenth anniversary, tin; fifteenth anniversary, crystal; twentieth anniversary, china; twenty-fifth anniversary, silver; thirtieth anniversary, china; thirty-fifth anniversary, linen; fortieth anniversary, woolen; forty-fifth anniversary, silk; fiftieth anniversary, golden; seventy-fifth anniversary, diamond.

A THICK-LIPPED MEMBER.—The Washington correspondent of the Baltimore *Gazette*, speaking of swearing in of the new members of Congress, says: "The appearance of the new comers was quite encouraging. The best face I saw among the few remaining scalawags and carpet-baggers, was that of the negro, whose lips covered the whole surface of the lid of the enormous Bible which he kissed with great fervor."

THE NATIONAL DEMOCRACY.

Address to the Democray of the Country by their Representatives in Congress—An earnest Appeal.

WASHINGTON April 20.—The Democrats in Congress have just issued the following address to the people of the United States:

Our presence and official duties at Washington have enabled us to become fully acquainted with the actions and designs of those who control the Radical party, and we feel called upon to utter a few words of warning against the alarming strides they have made towards centralization of power in the hands of Congress and the Executive. The time and attention of the Radical leaders have been almost wholly directing legislation as will in their view best preserve their ascendency, and no regard for the restraints imposed by the Constitution has checked their reckless and desperate career.

GRANT A CANDIDATE FOR RE-ELECTION.

The President of the United States has been formally announced as a candidate for re-election. The declaration of his selfish supporters have been echoed by a subsidized press, and the discipline of the party has already made adhesion to his personal fortunes the supreme test of political fealty. The partisan legislation to which we refer was decreed and shaped in secret caucus, where the extremest councils always dominated, and were adopted by a subservient majority, if not with the intent certainly with the effect to place in the hands of the President power to command his own renomination and to employ the army, navy and military at his sole discretion, as a means of subserving his personal ambition.

CAUSE FOR GRAVEST APPREHENSIONS.

When the sad experience of the last two years, so disappointing to the hopes and generous confidence of the country, is considered in connection with the violent utterances and rash purposes of those who control the Presidential policy, it is not surprising that the gravest apprehensions for the future peace of the nation should be entertained. At a time when labor is depressed, and every material interest is palsied by oppressive taxation, public offices have been multiplied beyond all precedent to serve as instruments in the perpetuation of power. Partisanship is the only test applied to the distribution of the vast patronage. Honesty, fitness, and moral worth are openly discarded in favor of truckling submission and dishonorable compliance. Hence enormous defalcations and widespread corruption have followed as the natural consequences of this pernicious system. By the official report of the Secretary of the Treasury it appears that after the deduction of all proper credits, many millions of dollars remain due from ex-collectors of internal revenue, and no proper diligence has ever been used to collect them.

NEEDED REFORMS REFUSED.

Reforms in the revenue and fiscal systems, which all experience demonstrates to be necessary to the frugal administration of the Government, as well as a measure of relief to an overburdened people, have been persistently postponed or wilfully neglected. Congress now adjourns without having even attempted to reduce taxation or to repeal the glaring impositions by which industry is crushed and impoverished. The Treasury is overflowing and an excess of eighty millions of revenue is admitted, and yet, instead of some measure of present relief, a barren and delusive resolution is passed by the Senate to consider the tariff and excise systems hereafter, as if the history of broken pledges and unapplied remedies furnished any better assurance for future legislation than experience has furnished in the past. Ship-building and the carrying trade, once sources of national pride and prosperity, now languish under the crushing load of taxation, and nearly every other business interest is struggling without profit to maintain itself. Our agriculturalists, while paying heavy taxes on all they consume, either to the Government or to monopolists, find the prices for their own products so reduced that honest labor is denied its just reward, and industry is prostrated by invidious discrimination.

Nearly 200,000,000 of acres of public lands, which should have been reserved for the benefit of the people, have been voted away to giant corporations, neglecting our soldiers and enriching a handful of greedy speculators and lobbyists, who are thereby enabled to exercise most dangerous and corrupting influences over our State and Federal legislation.

DANGER TO THE REPUBLIC.

If the career of these conspirators be not checked, the downfall of free government is inevitable, and with it the elevation of a military dictator on the ruins of the republic. Under pretense of passing laws to enforce the Fifteenth Amendment and for other purposes, Congress has conferred the most despotic powers upon the Executive, and provided official machinery by which the liberties of the people are menaced and the sacred right of local self-government in the States is ignored if not tyrannically overthrown—modeled up to the sedition laws, so odious that they are at variance with all the sacred theories of our institutions. The construction given by these Radical interpreters of the Fourteenth Amendment, to use the language of an eminent Senator (Trumbull, of Illinois), is the annihilation of the States. Under the last enforcement bill the Executive may, in his discretion, thrust aside the Government of any State, suspend the writ of habeas corpus, arrest its Governor, imprison or disperse the Legislature, silence its Judges, and trample down its people under the armed heel of his troops. Nothing is left to the citizen of a State which can any longer be called a right; all is changed to mere sufferance.

AN EARNEST APPEAL TO THE PEOPLE OF ALL SECTIONS.

Our hopes for redress are in the calm good sense, and sober, second thought of the American people. We call upon them to be true to themselves and to their posts, and disregarding party names and minor differences, to insist on a decent equalization of power, the restriction of Federal authority within its just and proper limits, leaving to the States that control of their domestic affairs which is essential to their happiness, tranquility and good government. Everything that malicious ingenuity could suggest has been done to irritate the people of the Middle and Southern States. Gross and exaggerated charges of disorder and violence owe their origin to the mischievous minds of political managers in the Senate and House of Representatives, to which the Executive has, we are sorry to say, lent his aid, and these have helped to inflame popular feeling. In all this course of hostile legislation and harsh resentment, no word of conciliation, of kind encouragement or fraternal fellowship has ever been spoken by the President or Congress to the people of the Southern States. They have been addressed only in the language of proscription.

We earnestly entreat our fellow-citizens in all parts of the Union to spare no effort to maintain peace and order, to carefully protect the rights of every citizen, to preserve kindly relations among all men and to discountenance and discourage any violation of the rights of any portion of the people secured under the Constitution or any of its amendments.

Let us in conclusion earnestly beg of you not to aid the present attempts of the Radical partisans to stir up strife in the land, to renew the issues of the war, or to obstruct the return of peace and prosperity to the Southern States, because it is thus that they seek to divert the attention of the country from the corruption and extravagance of their administration of public offices, and the dangerous and profligate attempts they are making towards the creation of a centralized military government.

RADICAL PROFLIGACY.

In the five years of peace following the war the Radical administration have expended $1,200,000,000 for ordinary purposes alone, being within $200,000,000 of the great aggregate amount spent for the same purposes in war and peace during the seventy-one years preceding June 30th, 1861, not including in either case the sum paid upon the principal or interest of the public debt. It is trifling with the intelligence of the people for the Radical leaders to pretend that this vast amount has been honestly expended. Hundreds of millions of it have been wantonly squandered. The expenditures of the Government for the fiscal year ending June 30th, 1861, were only $62,000,000, while for precisely the same purposes, the civil list, army and navy pensions and Indians, $164,000,000 were expended during the fiscal year ending June 30th, 1870.

A SLANDER DENIED.

No indignation can be too stern, and no scorn too severe for the assertions by unscrupulous Radical leaders that the great Democratic and Conservative party of the Union has or can have any sympathy with the disorders or violence in any part of the country, or in the deprivation of any man of his rights under the Constitution. It is to protect and perpetuate the rights which every freeman cherishes, to revive in all hearts the feeling of friendship, affection and harmony which are the best guarantees of law and order, and to throw around the humblest citizen, wherever he may be, the protection of those safeguards of personal safety which are the fundamental laws of the land, that we invoke the aid of all good men in the work of peace and reconciliation.

A GENERAL INVITATION.

We invite their generous co-operation irrespective of all former differences of opinion, so that the harsh voice of discord may be relieved, that a new and dangerous sectional agitation may be checked, that the burdens of taxation, direct or indirect, may be reduced to the lowest point consistent with the good faith to every just national obligation, and with a strictly economical administration of the Government; and that the States may be restored in their integrity and true relations of our Federal Union.

Here follows the signatures of all the Democratic Senators and Representatives.

DESTRUCTIVE CREVASSE.—NEW ORLEANS, April 24.—Assistant State Engineer Hatch, writing yesterday from the Bonne Carre Crevasse, says it is now from six hundred to six hundred and fifty feet wide, and a vast column of water with a roar like thunder, piling itself up in the middle in the form of an arch, of which the centre is five or six feet higher than the sides, the torrent has cut its channel through the batture fifty feet, while steadily, foot by foot, the great levee, crumbles into its boiling waters. The closing of this crevasse is beyond the range of possibilities, so the next best thing to do is to prevent, if possible, a widening of the breach. A body of water extends from here to Lake Ponchartrain, and for many miles above and below the disaster. The Crevasse threatens serious danger to the city of New Orleans and the Jackson Railroad and telegraph lines.

LIVING BEYOND THEIR MEANS.—Bulwer says poverty is only an idea in nine cases out of ten. Some men with $10,000 a year suffer more for want of means than others with $500. The reason is, the richer man has artificial wants. His income is $10,000 a year, and he suffers enough for being dunned for unpaid debts to kill a sensitive man. A man who earns a dollar a day and does not go in debt, is the happiest of the two. Very few people who have never been rich will believe this; but it is true. There are thousands and thousands with princely incomes who never know a minute's peace. There is really more happiness among the working men in the world than among those who are called rich.

THE REMAINS OF CALHOUN.—The coffin of John C. Calhoun was exhumed a few days ago, and placed in the vault where he was buried after his death. The Charleston *News* gives this explanation: "It will be remembered by a chosen few that, on the night preceding the evacuation of Morris Island by the Confederate forces, the bones of Calhoun were taken from their vault, for obvious reasons, and were laid in St. Phillip's churchyard, to the east of the venerable church. There the remains of our greatest Statesman have rested in peace during these six eventful years."

THE Petersburg *Courier* calls the practice of carrying children to public places, when they are so young as to be utterly incapable of feeling any interest in what is going on, a "social nuisance."

YOLO DEMOCRAT.

COUNTY AND TOWN OFFICIAL PAPER.

WOODLAND, CAL:

Saturday, May 6th, 1871.

The Republicans and the Negro Vote.

In Sacramento, Nevada and various other places where the colored voters constitute an important element of the Republican party, they are moving to have assigned to some of their number a place on the ticket. In Sacramento a highly intelligent and influential barber wants to be State Senator, and two or three others of the same persuasion are meditating the capture of other places on the ticket. The colored people very properly urge that as they are expected to support the Republican party, and as they now constitute a good portion of its strength, they are rightfully entitled to some portion of the honors, and especially to seats in the next Legislature, if the Republican party can put them there. We regret to say, for it speaks volumes for the depravity of human nature, and especially of Republican human nature, that their white brethren in the same "holy cause" do not view matters in the same light, and manifest no disposition to gratify the legislative yearnings of their newly enfranchised brethren. Of course then the darkies cannot be expected to vote the Republican ticket, for havn't they been taught that they have a higher mission than to forever remain the hewers of wood and the drawers of water? But now come the white Republicans (?) with a tale which they calculate will frighten into the ranks any black Republicans who are disposed to desert. The Democratic party they say only wants power to strip you of your votes, to repeal all of the amendments, and put the freedmen of the South back into slavery. But we doubt if this will have any effect upon the colored voters. It certainly will not on many of them, who "know their rights, and knowing dare maintain." They know that the Democratic party would not do this if they could, and could not if they would. We hope the colored Republicans will stick out. If they do they can certainly force some of their number on the ticket. For if the Republican party loses the negro vote what will it have left?

TOWN ELECTION.—The Town election on Monday last resulted in the choice of a mixed set of officers, politically, which was brought about by defection in the ranks of the Democracy on strictly local questions, and by it they have defeated chosen candidates put in nomination by the party. Democrats, aided by Radicals, got up a third ticket, which was printed at the *Mail* office, composed of men of both parties. If this had been generally agreed to, it would perhaps be well enough, in a town election; but we submit that where each party has its straight ticket in the field, those tickets alone should have been voted at the polls. Of course we do not deny the absolute right of any citizen to vote as he pleases, but bushwhacking and filibustering we are decidedly opposed to as undemocratic and irregular, and those who practiced that kind of warfare are entitled to the blame or credit of defeating the Democrats who were beaten for no one pretends to deny that we had plenty of votes to have elected our entire ticket by from 30 to 50 majority. Below are the names of candidates and the votes received by each:

SCHOOL ELECTION.—On Saturday last the election in Woodland School District took place, and resulted affirmatively by a very large majority. The total vote cast was 174, out of which only 21 were opposed to the tax. Strange as it may seem, there were five votes against accepting the fine school site donated by liberal citizens. Only four were opposed to building the proposed school house (Cook's design), which is modern in every way, and will accommodate about 300 scholars. The Trustees elected are: F. C. Ruggles, 3 years; G. E. Sill, 2 years; E. Giddings, 1 year—without opposition. For assessing and collecting the tax ordered, John Tilley was elected Assessor, and R. B. Blowers, Collector.

CHANGE OF GAUGE.—Mr. Sullivan, Road Master on this branch of the Cal. Pacific Railroad informs us that the track of the Oroville Railroad, which connects with this road, will be changed on Sunday next to conform with the gauge of the first named. The length of that road is 28 miles, and it has been so arranged that the whole work will be completed in eight hours, by stationing gangs of men a mile and a quarter apart and all working one way. The Vallejo train, with gangs of men, will pass Woodland at 4:20.

PLENTY OF CANDIDATES.—We notice in the Colusa *Sun* a list of over forty candidates for different offices. For their announcements the publishers receive five dollars each—quite a nice little revenue. In this neighborhood candidates (probably in view of the dry season) are less liberal but more modest. We claim to be modest, too, but will just mention that our columns will remain open to aspiring candidates just a little longer, at the rate charged by our contemporary.

THE SITUATION.

The election to be held this fall is undoubtedly the most important ever held in California. A United States Senator, three Representatives in Congress, a whole State Administration, a Legislature, before whom most important questions will come, and County officers of every grade, are all to be chosen, while the influence exerted by the contest this year will be powerfully felt in the Presidential election which comes off next year, and upon the result of which vast national issues hang.

But transcending in importance all these matters, which every four years give such great importance to our State elections, are the far-reaching issues which the events of the last year have forced upon the people of this State. Most important of all important questions is that now to be decided—whether one single great corporation is for the future to rule California. Let the organs and the hired strikers of the Central Pacific Railroad Company do what they may, there is no disguising the fact that this is *the* question which the people of California will be called upon in October to determine. Let the Railroad Company win this fight and for the future we may fold our hands and bow our necks to the yoke. Let them but dictate who shall be Governor of California for the next four years; let them be suffered to obtain a controllable majority in the next State Legislature, and nothing short of revolution will overturn their power and break the chains that they will infallibly forge for us.

The Railroad Company, who have waxed so fat off the plunder of the people, and the banded corruptionists and monopolists of San Francisco, whose fortunes are linked with theirs, appreciate the importance of this issue, and whatever brains or money can do to make a bad cause win, will be done by them during the coming contest. But, thank God, the importance of the crisis is also appreciated by the people. The great, the long-suffering people, whom ward politicians have learned to leave out of their calculations, and whom the Kings of the Lobby consider but as the subjects of taxation, are at last aroused, and the corruptionists will have to work hard and spend money freely to defeat their determination.

From all parts of the State comes a most emphatic endorsement of Haight—so unanimous, so strong, that his nomination by acclamation can almost be predicted. From north to south, from seaboard and from mountain county comes the same story. Politicians and lobyists may wince, but the people are determined to have a man who has been tried and who has not been found wanting. They are determined to make, fair and square, the issue with the mammoth corporation which claims California as its private property, and once at least to show that the people will stand by the man who stands by them.

Such unanimity as is now apparent was never seen in California before, and we doubt if the history of any State can match it. All the arts and all the tricks of professed politicians have been disdained by Haight, yet from one end of the State to the other comes up a demand from the Democratic rank and file for his re-nomination—a demand which cannot be ignored. It will not do to put up tricks in San Francisco to defeat this popular demand. It will not do to buy up a Convention. Let the tricksters who are now moving heaven and earth to defeat the choice of the people understand this. There is not one chance in a thousand of their succeeding, let them plot ever so deeply, and spend the money which they have wrung from the people ever so freely. And should they succeed by any means in palming a railroad man upon the Convention their success will mean, not the election of their nominees, but the defeat of the Democratic ticket. This is the temper of the country, and we bid all whom it may concern to take due warning. It is only once in a while that the people are aroused and do make a real demand; but this time they are unmistakably aroused and will brook no denial. Those who attempt to thwart their purpose will be buried out of sight.

THE ATTITUDE OF THE GERMANS.—Republican politicans are counting largely upon the German vote to help them in electing their ticket next Fall. "On account of the Irish" they expect every German Democrat will leave his own party and go up to the ballot box with a straight Radical ticket in his hand. In this we imagine they will be wofully disappointed. As a general thing the Germans are an intelligent, educated people, who have correct ideas of the theory of government and of the duties of American citizens, and we do not believe that they will vote "on account of the Irish" or on account of anything else which is not a legitimate consideration. In talking this way the Republicans are putting a gross insult and libel upon the Germans, as the recent election in St. Louis, when the Germans largely voted the Democratic ticket, shows.

RED MEN.—The Tribe of Red Men recently organized in this place by the aid of District Deputy Johnson, of Davisville, numbering 21 persons, were initiated into the mysteries of the Order, at Davisville on Thursday evening, by the members of Siskiyou Tribe. Shawnee Tribe, No. 40 will be duly instituted in Woodland on Saturday evening, May 6th.

DRAMATIC TROUPE.—Henning's Dramatic Troupe will perform in Washington Hall on Wednesday and Thursday evenings, May 10th and 11th, on which occasions they will present an attractive programme to our citizens.

The Situation.

EDITOR DEMOCRAT:—When great reformatory movements are to be inaugurated, and long-standing abuses corrected by popular indignation, a large portion of mankind are apt to view with suspicion or open opposition the advocates of reform, spurning the wisest admonitions as the fruitful seeds of strife, prolific of dissensions, and the parent source of failure and defeat. And he who has the hardihood to indicate the evil, and suggest the remedy, incurs the risk of being charged with fanaticism, and a want of fidelity to the cause subserved, by endeavoring to lead the unwary from the grand and sustained propriety of established precedent, and renouncing the time-honored usages of the past—in short, any means that looks towards retrievement, is passed upon as a dangerous innovation to be ignored, while conniving at the most glaring defects of a corrupt policy. Yet there is no danger so great to the success of maintaining good government or security, as a corrupt public sentiment, that becomes a criminal code without a penalty, around which cluster the whole swarm of debasing influences from duplicity down to selfish tyranny, and in which the whole list of political intriguers and wire pullers find refuge from public scrutiny and conviction. And this is and always has been the dread of tyrants since mankind has had a history. Now good goverenment is herein construed to be free Government, Democratic government, freed from the encroachments of a centralizing policy, whose chosen agents are men qualified by the highest considerations of public and private merit, and whose emotions of patriotic devotion are not borrowed from the prospect of office, or the spoils of a depleted exchequer, and any infraction of these conditions is to violate the maxims of sound political economy. Nor can any political organization, however strong, proud of the armor of partisan discipline, afford to hazard defeat by obtruding men of obvious unfitness to fill the most important trusts, by simply confiding to party cohesion the important charge of political elevation. The intelligence of the American people, and it is hoped, that of the Democratic party, here and everywhere throughout the land, rebukes such a presumption, though buncomb, nitro-glycerine speeches to the contrary, should bristle throughout the length and breadth of the country.

In this golden age of literature and progress, when the printer's handiwork penetrates alike the hovel and the mansion, and where the reflections of gifted thought and profound erudition flash across every hearthstone, few men are born to that eminence required to make them leaders, while hundreds possess all other qualifications if they have integrity of purpose and a clear record; but incorporate any other element than Democracy and sound, unimpeachable probity, and we shall in the coming canvass wage a fruitless contest and gain a barren victory. And if there are Democrats unwilling to heed such a prediction, they need but reflect upon the enemy's strength, and the testimony of past defeats.

That the people are fully aroused to the importance of careful selection in the choice of candidates for the approaching Fall election is qualified by no impending doubt, as was shown by our recent municipal election; and although a partial failure on the part of the Democrats was more the result of accident, perhaps, than any studied indifference on the part of individuals, the apprehension is awakened that such failure is liable to repetitions ten fold more damaging and difficult to retrieve. But give us our best men and the victory is half won before the polls.

DE MARK.

WOMAN SUFFRAGE CONVENTION.—The Pacific Slope Woman's Suffrage Convention will assemble in San Francisco, on Tuesday morning, May 16th. All Woman Suffrage Societies are requested to send delegates, and friends of the movement are invited to attend. "Distinguished advocates of Woman Suffrage" says the circular, "both in the Atlantic States and Europe, have been invited to be present to assist in the deliberations of the Convention."

THE CONVENTION.—The State Central Committee meets next Wednesday for the purpose of calling a State Convention. We trust they will decide on an early call. And then let the honest masses of the party look well to those who are chosen to represent them there. The best men who can be had must be sent to the Convention—men who are in sympathy with the popular movement against monopolies and who can neither be bought nor traded off.

DRUIDS INSTALLATION.—At a meeting of Dodona Grove. No. 18, U. A. O. D., held on Monday evening, May 1st., the following officers were installed by N. G. A., C. C. Hayden: I. Hafky, N. A.; W. Spence, V. A.; Recording Secretary, R. Lerch; Financial Secretary, C. Goldman; Treasurer, Wm. Keller; I. G., P. Krellenberg; R. H. B. N. A., Thomas Hughes; L. H. B. N. A., Wm. Knox; R. H. B. V. A., M. Steinmetz; Conductor, A. Moger.

"CALAVERAS CITIZEN."—We have received the prospectus of a paper with the above name, to be started at San Andreas, by C. B. Woods—subscription price $5 per annum. Politically, the *Citizen* will be Democratic; strenuously advocating a prompt and perfect restoration of the Union in all its parts, etc. We welcome the *Citizen* to the journalistic field with the right hand of fellowship, and hope it will live long and prosper."

The Picnic at Davisville.

The picnic at Davisville on Wednesday last, in aid of the Catholic Church of Woodland, passed off very pleasantly and was in every way a success. It is estimated that there were fully 2,000 people present. The arrangements were good, and Tammany Grove is not excelled as a picnic ground in Central California. The programme was gone through with except the base ball match, which did not come off owing to some disagreement between the different Clubs. Perfect order prevailed throughout. The Sarsfield Grenadier Guards, of Sacramento, won both the target prizes. The banner was presented by Miss Ella Babcock, of Woodland, in a neat and appropriate speech, of which we append about the substance:

"SOLDIERS:—The women of California are proud of her Citizen Soldiery. It is deemed not inappropriate on this occasion that some action should be taken by the Catholic ladies of Woodland, to testify not only their respect for your presence and participation here but also their appreciation of the grace and skill with which you use the weapons you so proudly bear. Permit me now, as the chosen representative of the ladies of the Catholic Parish of Yolo county, to perform the pleasing duty of presenting to you this beautiful emblem of American freedom, as a testimony of the high regard in which you are held by them."

The other prize was a gold medal with the design of two cross muskets surrounded by a wreath, and was presented by Miss Maggie Kinkead, of Willow Slough.

The spacious dancing platform afforded a fine opportunity for dancing, and the excellent music of the Sacramento band was taken advantage of during the entire day. Professor Carroll had charge of the platform.

Rev. Father Spelman, of the Church of St. Rose de Lima, delivered an appropriate address.

Frank Pedler, of Woodland, carried off two prizes—for the foot race and the best long jump.

We learn that upwards of $800 was cleared for the benefit of the church, and to Father Spelman is due the largest share of the credit of realizing so nice a sum for so worthy an object, for he has worked unceasingly.

CROPS NORTH.—A gentleman who has just passed over the road from Marysville to Oroville informs us that crops are looking well all along the route and bid fair to turn out a large yield.

Poisonous Medicines.

The theory that the virus of disease can be safely counteracted by doses of poison, is false and dangerous. Within the last twenty-five years, not less than a score of virulent poisons have been added to the repository of the medical profession. They are given in small doses, otherwise they would destroy life immediately; but even in minute quantities, they produce, ultimately, very disastrous effects. It is unwise and unphilosophical to employ, as remedies, powerful and insidious drugs, which in subjugating one disease sow the seeds of another still more unmanageable. None of these terrible medicaments operates with as much directness and certainty upon the causes of disease as Hostetter's Stomach Bitters, a tonic and corrective, without a single deleterious ingredient in its composition. Arsenic and quinia are given for intermittents; bromide of potasium for nervous disorders; strychnine and prussic acid for general debility; mercury, in various forms, for liver complaint; preparations of chloroform and opium for sleepiness; and yet these deadly drugs do not compare, as specifics for the diseases above enumerated, with that wholesome vegetable invigorant and alterative, while they are all so pernicious that it is astonishing any physician should take the responsibility of prescribing them. Let invalids, for their own sakes, try the Bitters before they resort to poisons. The relief they will experience from a course of the harmless specific, will render a recourse to the unsafe preparations referred to quite unnecessary. ap6-1m

A FAMILY REMEDY.—No family should be without some efficacious remedy for the cure of affections so universally prevalent as coughs and colds—some remedy, too, which can be relied upon as safe, sure and certain. Dr. Wistar's Balsam of Wild Cherry combines this desideratum. 22-2

THE DOMESTIC

Sewing Machine!

A New Favorite in California.

The Domestic Sewing Machine has just been introduced into this State, and is now offered to the public. It makes the Shuttle or Lock Stitch alike on both sides, uses a straight needle, and its range of work is from the heaviest to the most delicate fabric, sewing every kind perfectly. It has a self-adjusting tension, which requires no alteration in changing the thread, or in sewing different thicknesses. In simplicity and durability it is unequaled. One great advantage in this machine is, that it will sew over thick seams without difficulty.

The Domestic Stands on Its Merits Alone,

Which have secured it large sales wherever it has been introduced. It combines beauty of appearance with easy, quiet action and perfect work.

THE DOMESTIC SEWING MACHINE is furnished in various styles, the prices ranging about with those of other first class machines.

The County Superintendent of Common Schools was authorized and requested to procure a map showing the boundary lines of the School Districts of Yolo County.

Duplicates of lost warrants on the County Treasurer ordered to be issued to Friend & Ferry.

Court House steps and railing accepted and orders to be drawn on treasury for balance due for construction.

The Frost and Ruggles road was established as a public highway, and certain damages ordered paid.

FATAL ACCIDENT.—A fatal accident occurred on the first instant, the particulars of which are as near as we can learn, as follows: George Myers, living three miles west of Silveyville took his wife and four children to a picnic in the foot-hills, taking with them also a Mrs. Nichols and her three children. On returning in the evening in the wagon, to which two mules were attached, just as they approached a precipice the mules became unmanageable, reared and floundered and finally fell over the bank, head formost, the hind end of the wagon going clear over them with its load of occupants, striking the ground upside down. Myers had jumped from the wagon just before it went over. Mrs. Myers was so severely injured internally that she died at eight o'clock the same night. Two of the children were crippled, but will probably recover. Mrs. Nichols had a leg badly broken above the knee, the bone being shattered so that several pieces were taken out. Her left arm was also broken above the wrist. The neighbors think she will not recover. Her children were slightly hurt, as was every one who was not seriously so, connected with the party. Mrs. Myers was a sister of Benjamin Ely, Esq., of Buckeye.

DEADLY ENCOUNTER.—On Tuesday night a fight occurred between Christian Barth, keeper of the Railroad Restaurant, and a Frenchman named Peter Frozoqui, which resulted in the death of the latter on Thursday at 2 P. M., in the Hospital where he had been removed after the affray. It seems that the deceased had a difficulty with Mrs Barth about his board, was intoxicated and used offensive language and threats, at which Barth became exasperated and the fight ensued. Deceased received several cuts which probably caused his death as above stated. Barth was arrested by Deputy Sheriff Sill, and is now confined in jail.

CENTRAL HALL SOCIAL PARTY.—We had not the pleasure of attending the Social Party at Central Hall on Wednesday evening, but learn that it passed off very nicely. A large party of ladies and gentlemen were present and all were highly pleased with the new hall, which was brilliantly illuminated with gas. The fine large gallery is an excellent arrangement.

CHANGE OF BASE.—Dr. A. Strong, having purchased the late residence of Town Marshal Lawson, in the south part of town, has moved into it as a permanent home. When not professionally engaged, the Dr. may be found during business hours at Road & Magee's drug store. 23-1m

BASE BALL.—A match game of base ball will be played on Saturday (to-day), at three o'clock P. M., between the Athletic nine (victors at Marysville), and a nine chosen from the Town. Game to be played in Bynum's field. An interesting time is anticipated.

CERTIFICATE GRANTED.—The Board of Examination awarded a certificate to Miss Augusta Phelps as a candidate for admission in the State Normal School. Superintendent Darby informs us that private examinations will be afforded up to the 14th of June.

COUNTY COMMITTEES.—We notice that in view of the meeting lately held by the Democratic State Central Committee, County Committees have met in several counties to prepare for the primaries, etc.

READ the advertisment in an other column of the enterprise in aid of a public library at Omaha. Being legal and conducted legally and openly is a sure guarantee of fairness.

WOODLAND BOYS AHEAD.—At Marysville, on Saturday last, the Woodland Base Ball Club were victors in a match game with the Marysville Club.

The Woodland Wine Interests.

EDITOR DEMOCRAT:—Even an invalid, poking around among the farms in the vicinity of Woodland, may occasionally stumble across something worth talking about and valuable to the public in a statistical point of view. In one of my recent marches, shot-gun in hand, with an eager "pointer" following, and a very strong thirst coming over me, I halted at a very large, long house, say about 120 by 50 feet in dimensions, to say nothing of large and commodious other houses seeming to belong to it. I found myself at the Winery of B. Mendessolle, about a mile West of Woodland, where there is also a Brandy Distillery, with an Alembic and all sorts of machinery. On inquiry, but not until I had "sampled" several kinds of wine of extremely seductive vintage, I found the following statistics, which I know are little suspected by even our citizens of Woodland: The Brandy made this past season, between September and March, amounts to about 5,000 gallons, of a pure, fine article, which is shipped to New York and readily sold there at first-class prices. Previous to the shipment it is rectified at the establishment or depot of the manufacturer, B. Mendessolle, who makes his head quarters at San Francisco. Also, I found in large pipes and immense cubes some 27,000 gallons of white wines, which, after going to the Mendessolle house in San Francisco, are put up in smaller vessels, even down to bottles, and shipped to Chicago, New York, and European cities. Next I reached the red wines, some of which tasted like claret, while others had the port flavor—all of them palatable to our foreign population, but nothing to compare with the *gusto* with which our own people devour those white wines. I found about 19,000 gallons of these red wines on hand, and was astonished to hear that among the knowing ones, they were valued more highly than we Californians value those delicious white wines. It is a singular fact, one worth noting in the annals of deception and humbug, that for a year or two past, California wines have been sent to the large markets like Chicago, New York, New Orleans, London, Paris, etc., and sold in bottles properly counterfeited, as wines of European vintage. And this was a good punishment to the first Californians who sent to the older regions the vilest stuff that ever was decocted out of water, wine, vinegar and drugs, till the very name of California wine became a by-word and a scoffing. We have, perhaps, no establishment in the county that furnishes more employment and patronage than this one, and it is well worthy of mention.

SPECIAL NOTICES.

PAIN-KILLER
PERRY DAVIS & SON'S
PROV. R. I.
1840 1870

TRAVELLERS are always liable to sudden attacks of Dysentery and Cholera Morbus, and these occurring when absent from home are very unpleasant. The Pain Killer may always be relied upon in such cases. As soon as you feel the symptoms, take one teaspoonful in a gill of new milk and molasses and a gill of hot water. Stir well together and drink hot. Repeat the dose every hour until relieved. If the pains be severe, bathe the bowels and back with the medicine clear.

In cases of Asthma and Phthisic take a teaspoonful in a gill of hot water, sweetened well with molasses; also bathe the throat and stomach faithfully with the medicine, clear.

Dr. Sweet says it takes out the soreness in cases of bonesetting faster than anything he ever applied.

Fishermen so often exposed to hurts by having their skin pierced with hooks and fins of fish, can be relieved by bathing with the Pain Killer as soon as the accident occurs; in this way the anguish is soon abated; bathe as often as once in five minutes, say three or four times, and you will seldom have any trouble. The bites and scratches of dogs and cats are soon cured by bathing with Painkiller, clear. my6

A FREE EXCURSION TO SAN FRANCISCO.—Any house keeper of Yolo County may enjoy a free trip to the Bay City by observing these suggestions:

Your goods will be promptly and carefully packed, marked, and shipped, without any extra charge or trouble to yourself. On your return, compare your bill (adding traveling expenses) with the price the same goods would have cost you in Woodland, and you will find you have enjoyed a pleasant trip without cost. ap22-1m

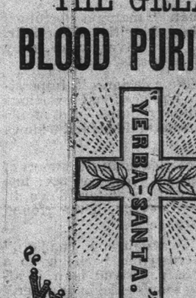
THE GREAT
BLOOD PURIFIER.



Hear the Voice of the People!
JUDGE S. HEYDENFELDT says: "My attention was called to it about eighteen months ago, when I had been suffering with rheumatism for more than a year, and had failed to find relief from other remedies. The YERBA SANTA relieved me entirely in two days. Some ten or twelve cases of Rheumatism, two cases of Gout and two cases of Neuralgia have been relieved within my immediate knowledge." R. H. SINTON says: "I fully concur with Judge Heydenfeldt in regard to the curative powers of YERBA SANTA. I have myself used it, and take pleasure in recommending its use to those afflicted with Rheumatism in any of its forms." T. J. JENKINS, M. D., (Physician to Butte County Hospital,) says: "I have used YERBA SANTA for some years in my private practice as physician. I have found it invaluable in cases of Chronic Rheumatism, and of much benefit as an alterative Blood Purifyer and tonic." FRANK MATHEWS, of Oroville, says: "Some years since, I was a martyr to Rheumatism, crippled in hands and feet, unable to move except with crutches, at all times suffering great pain. I was induced to try YERBA SANTA, and from its use I soon experienced great benefit at the time. I am now strong and healthy, and present mend all who are afflicted to try it." CHAS. deed I recommend YERBA SANTA. okee, Butte county, states: "I was many years a sufferer from Rheumatism. By its most painful type I sought relief in vain until I was induced to try the YERBA SANTA, and in all cases a when I found perfect restoration to cure was the result. health. I have since recommended it to J. R. ROBERTS, of my friends, and in all cases a perfect, a speedy San Francisco, says: "I had for cure was the result. three years been afflicted with the Rheumatism, to such an extent that in all that time I was unable to do any work. I was at last induced to try YERBA SANTA; after using two bottles I was completely cured, and am now as well as I ever was in my life." M. H. DARRACH (County Clerk of Butte county,) says: "I have seen much of the beneficial effects of YERBA SANTA in Scrofula, also in Salt Rheum, Rheumatism and Neuralgic affections. I believe I know of no instance where it has failed to cure." YERBA SANTA completely restores the system when impaired by disease, revives the action of the kidneys, and radically cures scrofula, Salt Rheum and all eruptive and cutaneous diseases. It is PURELY VEGETABLE, being made from an herb indigenous to California. It is therefore peculiarly suitable for use by Females and Children, as a Blood Purifier and Renovator. YERBA SANTA is for sale by all dealers in family medicines.

ODD FELLOWSHIP.

BY W. H. RHODES, ESQ., (CAXTON).

The following poem was read at the great Odd Fellows' gathering at Alameda, on the occasion of the celebration of the fifty-second anniversary of the Order in the United States. It was published with the oration, etc., in full, in the Alameda *Encinal:*

Beneath the tri-linked banner,
Whose folds are floating free,
Triumphant on the land
And victorious o'er the sea,
A noble army marches,
Whose ovations ne'er can cease—
For "its ways are ways of pleasantness
And all its paths are peace."

It fights not for the Eagle,
For the Cross, or for the Crown;
It builds up no Napoleons,
It hurls no Hapsburgs down;
It wars against no nation,
It drinks no human gore;
It leaves no skeletons behind,
It sends no plagues before.

It needs not drum or trumpet
To urge its ranks along—
The soldiers all are heroes
In that majestic throng.
It fights, but not with cannon;
It strikes, but not with steel;
Its only guerdon, Glory,
And its goal the common weal.

It battles with the sorrows
And the ills of human kind,
And plants its proud gonfalon
On the freedom of the mind;
Attacks the hosts of ignorance,
Charges on the ranks of Sin,
Opens wide the doors of Heaven
And bids all men enter in.

Its foes are nature's enemies,
Disease, and death, and woe;
In its camps there are no orphans,
No widows' tears can flow.
It soothes the couch of suffering,
The famished feeds with bread,
Protects the friendless, living,
And consecrates the dead.

What power can stay its progress,
Till it marches through the world?
All nations see its triumphs
And hail its flag unfurled;
Heaven smiles upon its conquests
And approves the God-like plan,
To link in holy nuptials
THE BROTHERHOOD OF MAN.

But on Monday week it was literally fulfilled."

NO MAN ever becomes great, or wise or rich by accident. A young man's prosperity must depend upon himself, if you are industrious and frugal, and if you set before you a distinct object in life you will succeed; but if you are indolent, and improvident and changeable, you will come to no good. A man must make up his mind what he means to be and do, or he cannot reasonably hope to succeed in life.

The Great Medical Discovery!

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS,

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

They are a Gentle Purgative as well as a Tonic, possessing the combined excellencies of all the best remedies of the age. They are also, the great Blood Purifier, and a perfect antidote for Biliousness, Dyspepsia or Indigestion, Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Bitters have no equal. ☞ Send for a circular.

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the **GREAT BLOOD PURIFIER** and **LIFE GIVING PRINCIPLE**, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION.

Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They Invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle.
